

SUMMER SCHOOL

You're Invited

AN EXCITING OPPORTUNITY FOR
YEAR 4 AND 5 STUDENTS TO
EXPERIENCE NEW ACTIVITIES
AND LEARNING AT OUR FREE
NSAT SUMMER SCHOOL 2021

Our NSAT Schools "Week of Wonder" Summer School Programme will be a fun-filled week of new experiences! We are delighted to announce that Harrogate Theatre professionals will join us every morning to give students the amazing opportunity to create a play in a week. Then, in the afternoon students will experience a range of different learning and fun activities.

Mindful of the challenges of the past year, this programme will provide the opportunity for students to develop new interests and benefit from catch-up learning after the challenges of the last year. This programme will be offered to the three Northern Star Academies Trust primary schools in Harrogate and will be based at Harrogate High School.

If you feel your child would benefit from this support and would like to take advantage of this fantastic opportunity, please register by completing the form on the following link by **Monday 21st June**.

*Remember to look up at the stars
and not down at your feet. Try to
make sense of what you see and
wonder about what makes the
universe exist. Be curious.*

- Stephen Hawking

Awe and Wonder
