

New Professional Learning Communities

Launching Spring Term 2023

In response to the overwhelming feedback from our recent whole Trust Staff Stakeholder Survey we are excited to launch a new series of Professional Learning Communities (PLCs) across the Northern Star Trust Partnership.

As a Trust Partnership we have a shared commitment to work together on the things that matter to improve outcomes for all learners. Each of our PLC provides a structure and opportunity for educators working in similar roles and/or leadership, curriculum, and school improvement areas to meet regularly, share practical expertise, and work collaboratively to improve teaching skills and students' learning.

A warm welcome and refreshments will await you on arrival - we hope that you can join us!

SCIENCE PROFESSIONAL LEARNING COMMUNITY

Hosted at: Remote via Teams

Headteacher: Geoff Morrison

Supported by: Kate Walter, Strategic Director Northern Star Foundation

Who it's for: All colleagues interested in delivering great science to our children

Date: Wednesday 18th January - 3.45pm to 5pm

ENGLISH PROFESSIONAL LEARNING COMMUNITY

Hosted at: Skipton Girls' High School, BD23 1QL

Headteacher: Martha Featherstone

Supported by: Christine Schofield, NSAT Director of School Improvement

Date: Wednesday 25th January - 3.45pm to 5pm

MATHEMATICS PROFESSIONAL LEARNING COMMUNITY

Hosted at: Starbeck Primary Academy, HG2 7LL

Headteacher: Garry de Castro Morland

Supported by: Ann Wheatcroft, NSAT Director of School Improvement

Date: Wednesday 1st February - 3.45pm to 5pm

REGISTER TODAY

To confirm attendance, simply send an email to Ginette Hawkins (NSAT Executive PA) on:

E: hawkinsg@nsat.org.uk

Please state your name, school, and which of the new subject PLCs you wish to join. We would like each NSAT school to be represented, please.

COMING EASTER 2023!

At Easter, we will be launching PLCs for School Office Management and colleagues working in Attendance and Data.
